

# Newsletter

## November 2009

### MentorNet

We promised to send items of interest to our **ADVANCEing Faculty** group. We will try to limit these to really valuable resources!

One such resource is **MentorNet** (<http://www.mentornet.net/>), an e-mentoring program that is open to untenured faculty, as well as undergraduate and graduate students. It is a great program which has been around for over 10 years and it has received numerous awards, including the Presidential Award for Excellence in Science, Mathematics and Engineering Mentoring in 2001. In addition to being mentored yourself, you can sign up to e-mentor an undergraduate or graduate student. **MentorNet** sends out a monthly e-newsletter that might be of interest to you. You can join their e-mail list even if you aren't interested in the mentoring program.

### The Teaching Professor

A second great resource is The Teaching Professor newsletter, available at: <http://www.teachingprofessor.com/newsletter>

It features a wide variety of articles of interest to college faculty at all levels. Even better, we have a *pre-paid* subscription! If you would like to receive the newsletter, please contact the OWISE Office ([advance@latech.edu](mailto:advance@latech.edu) or 257-2101) for instructions on how to access this great resource!

### Upcoming Programs!

Look for the kick-off later this month of the **ADVANCEing Faculty Grant Pre-Review Program**, which will enable you to apply for funds to have an outside expert pre-review a grant proposal before you submit it. We will also have an **ADVANCEing Faculty Mentoring Workshop** soon for those of you interested in that program.

Don't forget — we will not have a Faculty Lunch at the Ropp in November.

The **December Faculty Lunch at the Ropp** will be: Tuesday, Dec. 15, from 12 - 1 p.m. and our topic will be: the **\*Art of Networking\***!

Questions? Want more information about the **ADVANCEing Faculty Program**? Contact the Office for Women in Science and Engineering (OWISE) at:
