The **Career Networking Program** provides up to **\$2,000** for activities such as a seminar speakers on specific topics related to your research area; a working group of collaborators from different institutions to visit Louisiana Tech to discuss a potential collaborative research project; travel to establish an ongoing relationship with a mentor at another institution; and travel to visit potential collaborators to learn more about their research projects. **Application forms are available on the website!**

## Women Don't Ask

If you enjoyed Linda Ramsey's presentation at the September Lunch (or if you missed it!), you might want to check out the book "**Women Don't Ask**" by Linda Babcock and Sara Laschever. It examines how we know that women don't ask, why they don't ask and the cost (to everyone!) of not asking. Find this and other great books at the **OWISE Library in BH 201**. For a complete list of books and summaries, check out the OWISE Library link on the **ADVANCEing Faculty** website at: <http://www.advance.latech.edu>
